

## *Creative Spelling*

Once a week you will do one activity with your spelling words. Here are some ideas:

- Write your words in paint or shaving cream.
- Write sentences using spelling words.
- Write your words with glitter.
- Write your words with chalk on a sidewalk.
- Write the definitions of your words.
- Make up a story using your words.
- Make up a song using your spelling words.
- Cut out letters out of magazines/ newspapers to spell out your words.
- Use alphabet macaroni or alphabet cereal and spell out your words.
- Write your words in an artistic way (rainbow letters make the letters look like the word, etc.)
- Make a cassette tape or CD of you saying and spelling the words slowly. (Listen to it at home or in your car!)
- Make an educational video where you teach someone how to spell your words.
- Type your words on a computer 3 times each and print them out.
- Make a concentration card game with your words and spell each match as you win.
- If you can't think of something to do...write your spelling words 3-5 times each.
- Make up your own creative spelling activity. I love hearing new creative ideas!

**If you can't bring it in, email me a picture!**
